DATE MAILED: 11/23/2005

Please find below and/or attached an Office communication concerning this application or proceeding.

Advisory Action Before the Filing of an Appeal Brief	Application No.	Applicant(s)	
	10/661,495	SHOJI ET AL.	
Examiner Patrick T. Lewis	Examiner	Art Unit	
	1623		
--The MAILING DATE of this communication appears on the cover sheet with the correspondence address --			
THE REPLY FILED 02 September 2005 FAILS TO PLACE THIS APPLICATION IN CONDITION FOR ALLOWANCE.			
1. <input checked="" type="checkbox"/> The reply was filed after a final rejection, but prior to or on the same day as filing a Notice of Appeal. To avoid abandonment of this application, applicant must timely file one of the following replies: (1) an amendment, affidavit, or other evidence, which places the application in condition for allowance; (2) a Notice of Appeal (with appeal fee) in compliance with 37 CFR 41.31; or (3) a Request for Continued Examination (RCE) in compliance with 37 CFR 1.114. The reply must be filed within one of the following time periods:			
a) <input checked="" type="checkbox"/> The period for reply expires <u>3</u> months from the mailing date of the final rejection.			
b) <input type="checkbox"/> The period for reply expires on: (1) the mailing date of this Advisory Action, or (2) the date set forth in the final rejection, whichever is later. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of the final rejection.			
Examiner Note: If box 1 is checked, check either box (a) or (b). ONLY CHECK BOX (b) WHEN THE FIRST REPLY WAS FILED WITHIN TWO MONTHS OF THE FINAL REJECTION. See MPEP 706.07(f).			
Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).			
<u>NOTICE OF APPEAL</u>			
2. <input type="checkbox"/> The Notice of Appeal was filed on _____. A brief in compliance with 37 CFR 41.37 must be filed within two months of the date of filing the Notice of Appeal (37 CFR 41.37(a)), or any extension thereof (37 CFR 41.37(e)), to avoid dismissal of the appeal. Since a Notice of Appeal has been filed, any reply must be filed within the time period set forth in 37 CFR 41.37(a).			
<u>AMENDMENTS</u>			
3. <input checked="" type="checkbox"/> The proposed amendment(s) filed after a final rejection, but prior to the date of filing a brief, will <u>not</u> be entered because			
(a) <input type="checkbox"/> They raise new issues that would require further consideration and/or search (see NOTE below);			
(b) <input type="checkbox"/> They raise the issue of new matter (see NOTE below);			
(c) <input checked="" type="checkbox"/> They are not deemed to place the application in better form for appeal by materially reducing or simplifying the issues for appeal; and/or			
(d) <input type="checkbox"/> They present additional claims without canceling a corresponding number of finally rejected claims.			
NOTE: _____. (See 37 CFR 1.116 and 41.33(a)).			
4. <input type="checkbox"/> The amendments are not in compliance with 37 CFR 1.121. See attached Notice of Non-Compliant Amendment (PTOL-324).			
5. <input type="checkbox"/> Applicant's reply has overcome the following rejection(s): _____.			
6. <input type="checkbox"/> Newly proposed or amended claim(s) _____ would be allowable if submitted in a separate, timely filed amendment canceling the non-allowable claim(s).			
7. <input checked="" type="checkbox"/> For purposes of appeal, the proposed amendment(s): a) <input checked="" type="checkbox"/> will not be entered, or b) <input type="checkbox"/> will be entered and an explanation of how the new or amended claims would be rejected is provided below or appended.			
The status of the claim(s) is (or will be) as follows:			
Claim(s) allowed: _____.			
Claim(s) objected to: _____.			
Claim(s) rejected: <u>28-31</u>.			
Claim(s) withdrawn from consideration: <u>12-27</u>.			
<u>AFFIDAVIT OR OTHER EVIDENCE</u>			
8. <input type="checkbox"/> The affidavit or other evidence filed after a final action, but before or on the date of filing a Notice of Appeal will <u>not</u> be entered because applicant failed to provide a showing of good and sufficient reasons why the affidavit or other evidence is necessary and was not earlier presented. See 37 CFR 1.116(e).			
9. <input type="checkbox"/> The affidavit or other evidence filed after the date of filing a Notice of Appeal, but prior to the date of filing a brief, will <u>not</u> be entered because the affidavit or other evidence failed to overcome all rejections under appeal and/or appellant fails to provide a showing of good and sufficient reasons why it is necessary and was not earlier presented. See 37 CFR 41.33(d)(1).			
10. <input type="checkbox"/> The affidavit or other evidence is entered. An explanation of the status of the claims after entry is below or attached.			
<u>REQUEST FOR RECONSIDERATION/OTHER</u>			
11. <input checked="" type="checkbox"/> The request for reconsideration has been considered but does NOT place the application in condition for allowance because: <u>See Continuation Sheet.</u>			
12. <input type="checkbox"/> Note the attached Information Disclosure Statement(s). (PTO/SB/08 or PTO-1449) Paper No(s). _____.			
13. <input type="checkbox"/> Other: _____.			
 Patrick Lewis, PhD Examiner Art Unit 1623			

Continuation of 11. does NOT place the application in condition for allowance because: the instant method is obvious in view of the cited prior art. The examiner acknowledges that Forsythe discloses a centrifugal separation method; however, as pointed out in the Office Action dated June 2, 2005, if desired, a pump (suction or pressure) may be used to move the fluid through the column (column 4, lines 60-64). Additionally, Hansen teaches a suction mechanism that can be activated to create a vacuum to draw fluid into a pipette tips, or to create pressure to eject fluid from the pipette tip. The steps employed by the instant method would be routine to one of ordinary skill in the art as one of ordinary skill is seen as a person having a PhD in organic synthesis. As demonstrated by the prior art, the use of a suction mechanism for loading samples onto a solid phase was known at the time of the instant invention.
